Gainesville Daily Sun.

L. XXVI, NO. 225 GAINESVILLE, FLORIDA, WEDNESDAY, OCTOBER 27, 1909 TEN CENTS A WEEK

IC FRANCISCO IN THE ROLE OF SANTA CLAUS

orney Thrasher Said to Court That Fruit Dealer Is a Living Santa Claus.

ite a number were attracted to office of County Judge Mason day morning, when Oscar Jones, eek, was arraigned upon a charge aking an assault upon the person icolas Francisco, the south side dealer.

ancisco was the prosecuting wit- , and was represented by Attorney Thrasher, while Attorney Evans looked after the interests of s.

e trouble between Francisco and s occurred during early part of Friday evening, the allegation be- hat Jones accosted Francisco while latter was sitting in front of his of business arranging some , asked him how long he intend- o sell grapes at 15 cents per et, and when Francisco answered he would sell them at that price ng as he wanted to, Jones struck

e evidence of the State's wit- es tended to show that Francisco not provoke the disturbance, but he contrary tried to avoid it, onishing Jones to go on and let him alone. Francisco testified that he did not know the name of the man who assaulted him until after the occurrence, but that he knew he was employed at the store of Cavouras & Cardulles, who conduct a fruit and confectionery business in the Opera House block.

The testimony of other witnesses seemed to substantiate that of Francisco, that he tried to avoid the disturbance, when Attorney Thrasher announced closed.

Attorney Haile called the first witness for defense, but his testimony failed to bring out anything of consequence bearing upon the case, and the second witness, a Greek by the name of Zetrouer, was placed upon the stand. Zetrouer answered several questions propounded to him by Attorney Thrasher as to where he came from, how long he had lived in Gainesville, etc., but as to questions concerning the subject matter, he was "mum," stating that he could not talk English, when the defense suggested that an interpreter in the person of Nicolas George be sworn in order that the testimony of Zetrouer might be secured. To this Attorney Thrasher objected, stating to the court that if an interpreter had to be engaged to bring out the evidence of the witness, he thought it proper to secure the services of one who was not in sympathy with the defense. The court seemed to take this view of the matter also, and Zetrouer was ordered to stand aside for "future orders."

At this point the taking of testimony ended, as Attorney Haile said that no further evidence would be submitted, although there were several witnesses who had not been examined.

Francisco a "Santa Claus."

Mr. Haile also announced that he had no argument to offer, but would submit the case as it stood.

"I don't think it will be necessary for me to say anything regarding the case," said Col. Thrasher, arising, "as the court has heard the evidence, which is uncontradicted in any particular, and understands the law as regards the charge; but I feel it my duty to say a few words in behalf of this man—this prosecuting witness (pointing to Francisco)—who, it seems, has not been treated right.

"When foreigners come to this country and engage in business, they should be amenable to the law the same as others, and they should regard the laws of the country with as much respect as do any of its citizens. These foreigners have come to Gainesville—I don't know how they got here—and have established what some term 'a trust'—or something of the sort to run this man Francisco out of business—that's common talk about the streets and that's the evidence in the case, if Your Honor pleases, and I claim this man should have the protection of the law from the threats and abuses of these people. If the court pleases, this man Francisco has been, since opening his business here, nothing less than a living Santa Claus to hundreds and hundreds of women and children of Gainesville. There are people here who have seldom, if ever, been able to enjoy fruits and confections until he came, and I rejoice in their behalf that he has been able to sell grapes and other fruits at a price which they can afford to pay, and I hope that the time will come when he can afford to sell grapes at even 5 cents per basket and oranges at 5 cents a dozen. I will venture to say that there are people in this town who have not enjoyed a basket of grapes in fifteen years until this man put the price down to where they could afford them—a few weeks ago. He has been a public benefactor to the people of Gainesville, and I am in favor of giving him the protection the law provides against those who say to him he shall not sell his goods for less than so-and-so, and who threaten to do him bodily harm if he does."

At the conclusion of Attorney Thrasher's remarks, Judge Mason stated that after considering the evidence as adduced, he would have to find Jones guilty, but would make the fine very light—$10 and costs.

Attorney Haile immediately asked that the amount of an appeal bond be fixed, as his clients desired to appeal the case to the circuit court. The court placed this bond at $50, it being readily given, and all parties left the court room seemingly in a "good humor."

An Early Blaze.

An alarm of fire from Box 54 called the department with its usual promptness to a house located near the colored school house on Tuesday morning. The blaze was extinguished shortly after the arrival of the fire laddies, and the damage was only about $10. The building was occupied by a colored family and the fire originated in the casing around the fireplace.

Let a want ad. negotiate a trade for you—of something you don't need for something you do.

PRINTING OF BALLOTS STOPPED IN NEW YORK

Hearst Objects to the Use of the Independence Emblem by Tammany Hall.

NEW YORK, Oct. 26.—William R. Hearst's former political organization, known as the Independence League, the machinery of which was absorbed by Tammany Hall at the recent primaries, bobbed up last night as a legal technicality which may seriously interfere with the preparation of the official ballots for the municipal election to be held on November 2. Clarence J. Shearn, counsel for Hearst, appeared before Supreme Court Justice Gerard at a night session of that tribunal last night, protesting against the appearance of the names of Democratic candidates under the Independence League emblem with the result that the court ordered that the printing of the ballots, which was already under way, be suspended until arguments for both sides can be heard today.

While lawyers were arguing in court over this latest phase of the campaign, fervid oratory by the three candidates for mayor was going on throughout the greater city. Judge Gaynor addressed a gathering of Columbia students and others at the university late last night and spoke before a labor mass meeting at Cooper Union last night. Mr. Hearst spoke first at the Murray Hill Lyceum in the heart of New York city proper and then crossed over to Long Island, where he spoke at College Point and Long Island. Mr. Bannard, the Republican nominee, delivered a series of addresses in Brooklyn.

The Hearst and Gaynor speeches last night paralleled each other in many respects. Both dwelt at length on police reform and both criticised Gen. Theodore A. Bingham, recently ousted as police commissioner.

In his Cooper Union speech, after reviewing political issues and attacking Hearst, Judge Gaynor indirectly referred to the "white slave" charges as made in a recent anti-Tammany magazine article. "We want an end to this slandering and defiling of the city," he concluded. "And we want a government in the interest of the whole people and conforming to the will of the people."

The "white slave" issue would not down today, but it was answered from almost every source in the Democratic ranks. In a statement issued by Charles F. Murphy, leader of Tammany Hall, he repeated that the accusations were a libel on the name of the city, and wound up with the declaration that "it is up to Herbert Parsons and Representative Bennett to disclaim the attack or stand accused of endorsing it."

his Does Not Look Like Prohibition Hurts Atlanta

TLANTA, Ga., Oct. 26.—The hern man who is new to the h, or who has not visited it for ral years, is struck at once by physical aspect of the new At- , and by the extraordinary alert- of its people. They are building es in Atlanta at the rate of six and a year. The skyline of the ess section of the city changes pidly as that of New York, h it tends more and more to re- le. Atlanta already has taller ings than Boston, and it is a ge sight to see their windows il- nated at night, on all seventeen s; because of the busy inhabi- of "the Chicago of the South" days are not long enough. In contrast to the sleepy place of leston's grass-green cobble stones, sphalt of Atlanta is brown with oil of rushing motor cars. A r car in Charleston, even today, comparatively rare sight. At- is as full of them as New York. city is pushing out boulevards l directions, in one case for ty-two miles over the rolling a superb incentive of speed. chief obstacle is the Georgia er. He "keeps to de middle ob d." No horn honks loud enough to budge him of his plodding mules. You take the gutter when a Cracker is ahead.

For several years real estate has been making fortunes in Atlanta, and it is still on the rise. The smoke of factories surrounds the capitol on its hill, and just now the city is preparing to raise a guaranty fund of $35,000 and bring down Caruso and the Metropolitan Opera Company for a full week of grand opera in May. While you are in the busy atmosphere of Atlanta life, surrounded by its evidences of "hustle," material prosperity and modern commercial architecture, it is easy to forget the endless stretches of waste country you crawl through on a lazy train to get there; the huts of negroes and "poor whites," perched upon brick piles in patches of pine or cotton; the shabby little towns at wide intervals—mere collections of shacks, bearing portentous names; the rusty, shiftless aspect of the rural inhabitants, black or white. Atlanta, 1,000 feet above sea level, is a beacon of the New South, but it is still a small part of the South, even of Georgia. It helps the rest all it can, but it is too busy growing itself to give much elsewhere.

Four Explosions Occur At Same Time in Indianapolis

INDIANAPOLIS, Ind., Oct. 26.—Superintendent of Police Metzger last night said that his investigation of four explosions of dynamite that wrecked buildings in different parts of the city midnight Monday night had satisfied him that they were brought about by a carefully organized and skilfully executed conspiracy of Albert Von Spreckelsen, a building contractor, in revenge for his having employed non-union labor. No arrests have been made, but according to the police an exposure soon will be made.

Spreckelsen fearing further violence yesterday sent his children out of town. His wife remains with him. He employed non-union hod-carriers and iron workers on the Mystic Shriner temple and theatre, under construction. He received no warning of the explosions that wrecked his stable and planing mill and two buildings for which he had contracts, a branch of the city library and a branch exchange of the Central Union Telephone Company. Two automobiles and two horses were destroyed by the explosion and fire in the stable at his house.

The four explosions occurred within one minute and evidently dynamite had been set off by accurately prepared time fuses. That no attempt to damage the Mystic Shriner temple, said to be the finest building of its kind in the country, was due, the police believe, to the fact that it has been carefully watched at night. The theatre has been leased by the Shuberts.

The best place to buy your goods is at the store which invites you to come through an ad. in The Sun.

hippers Do Not Care To Risk Proposed New Court

ASHINGTON, Oct. 26.—The ship- of the country are showing a ition to look into the adminis- 's recommendation that a sepa- interstate commerce court be d. They want to make sure that would not be "jumping" out of rying pan into the fire," if they their indorsement to the recom- ation. It would seem that the ment of the legislation which resident proposes would depend e stand the shippers ultimately take. At first blush they are more than half inclined to believe that a commerce court, sitting here in Washington, would be about what the transportation companies would want. This information is brought to the capital by lawyers from the Middle West who serve the various associations of shippers in a professional capacity—men who had much to do with the enactment of the law under which the Interstate Commerce Commission is now operating.

Judge Gaynor Conducting Queer Campaign for Mayor

NEW YORK, Oct. 26.—By his refusal to have either a campaign manager or a campaign headquarters, and his action in immuring himself in his Park Slope residence in Brooklyn where he has been accessible only to his Brooklyn friends and completely out of touch with the progress of the campaign, William J. Gaynor has upset all the ideas of the Tammany leaders as to what a candidate for mayor ought to be.

Justice Gaynor is conducting no campaign whatever except the one he is making with the political leaders; he never visits any of the headquarters and, with the exception of a short talk he had with Charles F. Murphy following his Carnegie Hall speech, he has not seen any of the political leaders since his nomination.

The Tammany leaders are becoming very much worked up over the conduct of their candidate. They have never heard of anything like it before. Even when Edward M. Shepard was the candidate, in 1901, although he then made his personal headquarters in his home on President street, Brooklyn, he was in daily touch with the leaders. He paid regular visits to the campaign headquarters, and it was thronged every day with callers on campaign business.

GREAT SHIPMENT IS LOADED FOR HERE

ONE HUNDRED CARS OF STONE EN ROUTE TO GAINESVILLE.

This Shipment Comprises About All of This Class of Material to Be Used.

The largest shipment that ever entered Gainesville, or probably any other city of the State, is now billed here in the shape of 100 cars of limestone for the Government building, which will arrive sometime within the next few days.

For the past several months a large number of workmen have been engaged on this extensive order, and it was all cut and shaped at the quarry, but a large part of it will have to receive the finishing touches in this city.

Superintendent Myers states that all of the 100 cars will arrive here at nearly the same time, for it was all cut and loaded at one time.

The work at the building is progressing most satisfactorily and for the past number of days they have been placing the granite around the lower floor of the building. The limestone will be used for the windows, doors and other parts, and will take the place of a number of places where it was originally intended to use granite.

A large force of bricklayers are at work and more will be added within the next few days to keep up with the setting of the stone upon its arrival.

FINANCIAL STATEMENT OF THE BOARD OF PUBLIC INSTRUCTION OF ALACHUA COUNTY, FLORIDA, FOR THE MONTH ENDING OCT. 5, 1909.

To Hon. S. H. Wienges, Clerk Circuit Court, Alachua County, Florida:

Sir—In compliance with Section 2, Chapter 4332, Laws of Florida, we hereby file with you the following itemized statement of the moneys received and expended and warrants issued during the month ending October 5th, 1909.

Treasurer's Report.

Sept. 1—Balance last report	$2,454.26
Sept. 5—Received of Croom, Comp., tax redemptions...	44.76
Sept. 9—Received of Kelley, Supt., examination fees ..	27.00
	$2,526.02
Warrants paid and surrendered	$1,738.28
	$ 787.74

Special Tax Districts.

Sept. 1—Balance last report.	$5,970.85
Received of Kelley, special tax No. 26	180.00
	$6,150.85
Warrants paid and surrendred	$2,167,47
Balance to credit	$3,983.38

White Teachers' Warrants.

Charlotte M. Baldwin, Archer No. 10, $82.40; Florence M. Baldwin, No. 10, $41.20; Mary Berkstresser, No. 10, $51.50; Callie Berry, Earleton No. 14, $36.05; M. C. McIntosh, Hawthorn No. 21, $82.40; Lottie Teeter, No. 21, $51.50; Avice Walker, Louise No. 42, $36.05; Mae Morrow, Campville No. 50, $36.05; Sarah Pratt, Brown No. 89, $41.20; Mamie E. Williams, Willeford No. 88, $36.05; Lucretia St. Clair, Tyler No. 92, $41.20; E. R. Simmons, Island Grove No. 18, $77.25; Minnie Lee, No. 18, $46.35; Mrs. J. N. Thompson, No. 18, $46.35.

Negro Teachers' Warrants.

S. W. DeBose, Waldo No. 2, $25.75; Althea M. Jones, No. 2, $20.60; Amy L. Davis, Freedom No. 3, $20.60; J. C. Jones, Micanopy No. 12, $27.81; Adrianna Tyson, No. 12, $20.60; Vernon Ayer, Drayton No. 25, $25.75; L. A. Artson, Tacoma No. 33, $30.90; Mozelle Gipson, No. 33, $15.45; Aquilla Ayer, Rochelle No. 40, $25.75; M. E. DeBose, Arredondo No. 18, $46.35; T. A. DeBose, No. 18, $30.90.

Sundries.

J. L. Kelley, salary, $150; J. L. Kelley, office, $17.90; Gainesville Sun, reports, $9.75; M. G. Knight, Brown No. 89, well, $8; F. B. Atwater, No. 89, $9.25; Philip Miller, office, $2.20; J. H. Vidal, candles for examination, 80 cents; Baird Hardware Co., Hawthorn No. 7, $8.45; Pepper Printing Co., printing, $220.80; Pepper Printing Co., printing, $14.25; F. M. Kelley, stenography, $40; Remington Typewriter Co., exchange, $60; William Moody, mileage and per diem, $6.60; W. D. Dickinson, special district col., $12.11; Fletcher Williams, Hawthorn No. 7, $10; Baird Hardware Co., No. 7, $2.90; J. D. Matheson, treasurer, $41.58; A. A. Murphree, subscription to educational campaign, $100.

Special District—Teachers' Supplements.

M. C. McIntosh, Hawthorn No. 21, $20; Lottie Teeter, No. 21, $15; Avice Walker, Louise No. 42, $15; Mae Morrow, Campville No. 50, $15; Mamie E. Williams, Willeford No. 88, $15.

Special District Sundries.

A. M. Cushman, Arredondo No. 1, $18; Gainesville Hardware Co., No. 1, paint $28.90; John Acree, No. 1, well, $14; W. J. Waits, Fairbanks No. 5, repairs, $25; J. K. Tuten, Archer No. 10, repairs, $6.65; Gainesville Hardware Co., Gracy No. 11, paint, $22.32; James Gaulden, Melrose No. 13, repairs, $2.65; H. & W. B. Drew Co., Trenton No. 16, blackboard, $7.28; W. H. Fairbanks, Island Grove No. 18, transportation, $30; Baird Hardware Co., Godwin No. 20, paint, $29.85; N. A. Mathews & Co., No. 20, $5.72; R. E. Ormand, No. 20, repairs, $80.10; W. F. Robarts, Alachua No. 23, repairs, $7.35; C. J. Rives, No. 23, repairs, $4; J. C. Bishop, No. 23, $3.50; Jara Castro, janitor, Gainesville No. 26, $20; A. Wenske, No. 26, repairs, $10.45; J. H. Vidal, No. 26, $21; Baird Hardware Co., No. 26, supplies, $5.95; W. H. Cassels, No. 26, printing, $6; S. M. Davis, No. 26, mowing, $7.25; Joe Pons, Orange Heights, repairs, $4; W. T. Robarts, Perseverance No. 43, repairs, $10.30; R. A. Caswell, No. 43, lumber, $3.15; George Morris, No. 43, $12; W. B. Davis, Hague No. 48, rent, $1.75; R. W. Small, No. 48, repairs, $4; Nat Bolin, Tacoma No. 69, repairs, $50.99; H. L. Rosenberger, No. 69, repairs, $6.75; First National Bank, No. 69, interest, $5; C. V. McQueen, repairs, on Haile, Newberry No. 73, $43; H. & W. B. Drew Co., No. 73, blackboard for Haile, $5.46; John G. White, No. 73, repairs, $56.75; First National Bank, Rocky Point No. 76, loan, $125; First National Bank, No. 76, interest, $1.35; H. & W. B. Drew Co., blackboard, Haynesworth No. 84, $10.74; Eddins Manufacturing Co., Bell No. 85, lumber, $35.65; George Morris, No. 85, insurance, $30.15; J. T. Hodges, No. 85, lumber, $9.88.

STRANGE MALADY CLOSES COLLEGE

MANY STUDENTS OF ATHENS FEMALE COLLEGE ILL.

Epidemic Baffles Medical Men—No Deaths Have Occurred—Students Going Home.

ATHENS, Ala., Oct. 26.—The Athens Female College, a Methodist institution, was closed yesterday following the affliction of a large per cent of the student body with a malady which has baffled the physicians. Although no fatalities have occurred, many of the girls have left for their homes, and it is said that forty or more are too ill at present to travel.

It is said that specialists have pronounced the malady, which was at first thought to be fever, ptomaine poisoning.

It was said last night that about 100 students have left the school in the last few days and that the epidemic is still baffling the attending physicians. Its symptoms are described as a severe aching of the lower limbs followed by violent vomiting. In most cases it is said to have been of but few days' duration and attended by no serious results.

Little can be learned regarding the real situation at the college, as those in authority are said to be reticent to discuss the matter.

GREAT ICE TRUST IS NOW ON TRIAL.

NEW YORK, Oct. 26.—Every artifice of delay being exhausted, suit has at last been begun against the Ice Trust under a criminal statute of the State by James S. Osborne as a Special Assistant Attorney-General. The trust is charged with restraining and preventing competition in a commodity of common use.

The ice trust has made history, financial and political. Its formation first brought to wide notice Charles W. Morse, whose sentence to fifteen years in a Federal prison for violating the banking laws, has just been affirmed. Public indignation over it was largely responsible for the downfall of Mayor Van Wyck and for the defeat of Tammany by Seth Low eight years ago.

For Chapped Skin.

Chapped skin whether on the hands or face may be cured in one night by applying Chamberlain's Salve. It is also unequaled for sore nipples, burns and scalds. For sale by all druggists.

Wrongly Placed.

It is astonishing sometimes how unconsciously careless we are of the feelings of the person to whom we are talking. A young guardsman told me the other day that a friend of his went with him to consult his lawyer. The solicitor, a shrewd looking and kindly old gentleman, was listening to an irate explanation of how his clerk had failed to do something that had been expected of him. "Yes, you are quite right, it was his fault," said the solicitor.

"But why are these confounded lawyers' clerks so stupid?" asked the angry soldier.

"I do not know, my dear sir," replied the solicitor kindly, "but would you mind alluding to them as 'lawyers' confounded clerks?'"—London M. A. P.

A Strenuous Hint.

He had been a regular Sunday caller for six months, when one evening he dropped in arrayed in a new suit.

"That's a lovely wedding suit you have on," remarked the dear girl.

"Why!" gasped the astonished young man, "t-this is a b-business suit!"

"Well," rejoined the d. g. calmly, "I mean business."

And the very next day he put up $19.98 of his hard earned wealth for a solitaire.—Chicago News.

PILES CURED IN 6 TO 14 DAYS.

THERE'S NO RISK

If This Remedy Does Not Benefit, You Pay Nothing.

A physician who made a specialty of stomach troubles, particularly dyspepsia, after years of study perfected the formula from which Rexall Dyspepsia Tablets are made.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be the greatest remedy known for the relief of acute indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is almost immediate. Their use with persistency and regularity for a short time brings about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets will insure healthy appetite, aid digestion and promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid for them, without question or formality. They come in three sizes, prices 25 cents, 50 cents and $1.00. Remember you can obtain them only at our store—The Rexall Store.—J. W. McCollum & Co., corner East Main and Union streets.

WELL PLEASED WITH CITY.

Tampa Man Says Gainesville and Its People Are All Right.

Among the visitors to Gainesville Tuesday was W. A. Joughlin, member of the firm of Joughlin Bros., plumbers and sanitary engineers, Tampa, who made an agreeable call at this office.

Mr. Joughlin's firm has been awarded the contract to fit and plumb the Atlantic Coast Line depot in this city, which is now being altered and remodeled throughout, and in speaking of the matter he stated that when the work is completed according to the plans and specifications he feels sure that the building will meet the requirements of the patrons of the road at this point for some time to come. The plans call for a most thorough and modern system of plumbing, a number of lavatories, etc., will be installed, and in all the "new depot" will be a great improvement over what our people have had to contend with for many years.

Mr. Joughlin is an enthusiastic member of the Tampa lodge of Elks, and while here spent "all the time he had to spare" at the club of the local lodge. "I want to compliment your city on its general appearance, its fraternal orders and its citizenship," he remarked. "It is one of the prettiest and most up-to-date cities I have ever visited. The buildings are modern, the streets well laid out, and the large oaks which adorn them are as pretty as can be found anywhere."

The plumbers will begin their work on the depot in about two weeks.

A Banquet

Spread before you would do you no good if you couldn't eat. What good can food do a child when as soon as it enters it's stomach it is eaten by worms. That's the reason your baby is ailing, cross, pasty-faced and thin. Give it White's Cream Vermifuge. It will expel the worms and act as a tonic for the child. Sold by W. M. Johnson.

Greeting to Our Customers.

We control three fruit, cold drink and confectionery stores in the city—every dollar paid up and no borrowed capital, and wish it distinctly understood we are running against the "Trust Buster Banana Store." We will sell any article as cheap and many cheaper than he will. We are here to stay. Respectfully.

CAVOURAS & CARDULLES.

A Shaking Up

May all be very well so far as the trusts are concerned, but not when it comes to chills and fever and malaria. Quit the quinine and take a real cure—Ballard's Herbine. Contains no harmful drugs and is as certain as taxes. If it doesn't cure, you get your money back. Sold by W. M. Johnson.

Keep your eye on the want ads. There may be something advertised which is of interest to you.

FOOTBALL ON SATURDAY.

Rollins College Eleven Will Meet University Team Here.

Every lover of athletics, and especially those who are admirers of the gridiron, should not fail to visit the ball park on next Saturday afternoon at 3:30, and witness one of the most enthusiastic games of football of the season.

On that date the eleven representing Rollins College will meet, for the first time this year, the team representing the University of Florida.

Both teams are in the best condition and the game bids fair to be one of the kind that will send the blood tingling through the veins of even the most "unenthusiastic."

The University eleven have just returned from Jacksonville, where they defeated the strong Olympic team by a score of 9 to 0.

Under the able coaching of G. E. Pile the local boys have developed the strongest team that has ever represented the University of Florida.

With such additions as Edgerton at quarter, Waggoner at tackle, Cox at guard and Johnson at end, the weak places in the team of '08 have been entirely eliminated. Taylor, Vidal and Shands in the back field were never in better form, and Moody, a star from last season, is holding an end position in excellent style.

This will be the first of the four college games which will decide the State championship, and should be well attended.

Don't fail to go out and lend encouragement to the boys.

Don't forget the time and place Admission 25 and 50 cents.

IN PITIABLE CONDITION.

Young Drummer Temporarily Demented by Excessive Drinking.

C. C. Cash, a young drummer who has been in the Newberry section for the past number of days, was brought to Gainesville Tuesday by Deputy Tompkins and turned over to Sheriff Ramsey on a charge of insanity.

This man is in a most sad state of mind at the present time, due, it is said, largely to the excessive use of bad whiskey, cocaine, morphine, and probably other drugs, and it was seen that he needed medical attention at once, and Sheriff Ramsey summoned Dr. Dell, who stated that he was in a most serious condition.

From what could be learned the man sells computing scales and has been in and about Newberry for a number of days on a protracted spree, but the past two days he had become wholly unruly and it was necessary for the officers to take him in charge. He has some little money at the present time and his general appearance shows that he is a man who can command money, and after he has been restored to his right mind and cleansed of the opiates he will very probably be all right, but it will require some careful nursing and administering to him closely to save him from the present crisis.

He has been arrested a number of times at Newberry for drunkenness, but it was soon seen by the authorities that this procedure was useless, and it was thought best to send him here and turn him over to the county authorities.

NOVA SCOTIA'S BIG INFLUX OF TOURISTS.

PORTLAND, Me., Oct. 26.—Reports from Nova Scotia indicate that every town, village and country place was filled this year with American tourists. The United States consul at Yarmouth believes it possible that the money expended by the summer travelers in Novia Scotia, including fares, will approximate $3,000,000.

During the four summer months, 16,311 people were carried from Boston to Yarmouth alone; to St. Johns, N. B., were 25,000 more, while American visitors to Halifax were greater in number than in any other previous year, making an estimated total of more than 60,000 Americans visiting the provinces this summer, of whom 50 per cent were pleasure seekers.

Slightly Colder With Snow.

When you see that kind of weather forecast you know that rheumatism weather is at hand. Get ready for it now by getting a bottle of Ballard's Snow Liniment. Finest thing made for rheumatism, chilblains, frost bite, sore and stiff joints and muscles, all aches and pains. 25c, 50c and $1.00 a bottle. Sold by W. M. Johnson.

NATURE TELLS YOU

As Many a Gainesville Reader Knows Two Well.

When the kidneys are sick,
Nature tells you all about it.
The urine is nature's calendar.
Infrequent or too frequent action;
Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

People in this vicinity testify to this.

Jos. Eckert, Thompson street, Starke, Fla., says: "I am very glad to recommend Doan's Kidney Pills as they proved of great benefit to me. The passages of the kidney secretions were irregular and when the secretions were allowed to stand they deposited a sediment. My back ached intensely and was very lame and sore, making it hard for me to stoop or lift. I could not rest well and mornings upon arising I was tired and worn out. I at length heard of Doan's Kidney Pills and deciding to give them a trial, I procured a box. This remedy effected a complete cure. The backaches and the lameness disappeared and my kidneys became normal."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

GREAT UNDERTAKING FOR CENSUS MEN.

BOSTON, Oct. 26.—It seems, according to population figures, that Director Charles F. Gettemy of the Bureau of Statistics will have the biggest job of any supervisor in the country in gathering in what information Uncle Sam wants concerning the inhabitants of Massachusetts; for, according to the last census figures, Massachusetts had 3,003,680 with the next largest district, New York, only 2,374,520. Cook county, Ill., is next with 1,837,735, and Philadelphia county, Pa., 1,293,697.

It is expected that 2,500 enumerators will be required for the work in Massachusetts this year, where 1,500 did it ten years ago. Applications are coming in with every mail to Supervisor Gettemy for positions to count noses in the Bay State.

A PLEASANT WAY TO CURE CATARRH.

Poor deluded victims!

Continually sprinkling and spraying and stomach dosing.

What are you doing it for?

Trying to kill the catarrh germs?

Might just as well try to kill a cat with fresh milk.

Sticking a piece of chewing gum in the upper left hand corner of the right ear would slaughter just as many germs.

You can't kill the germs that cause catarrh unless you get where they are.

You can get where the germs are by breathing Hyomei, the powerful yet soothing antiseptic, which is prepared especially to kill catarrh germs.

Just breathe it in, that's all. It gives joyful relief in five minutes. It is guaranteed by J. W. McCollum & Co. to cure catarrh, or money back.

It is sold by leading druggists everywhere. A complete outfit, including inhaler, costs $1.00. Extra bottle, 50c. Cures sore throat, coughs and colds.

"I take especial pride in recommending Hyomei to asthmatic sufferers as I know by experience that it is a remedy that cures. I have not since using Hyomei had any recurrence of asthma."—Mrs. Wm. Burton, Owosso, Mich., June 22, 1909.

MI-O-NA
Cures Indigestion
It relieves stomach misery, sour stomach, belching, and cures all stomach disease or money back. Large box of tablets 50 cents. Druggists in all towns.

GREAT SHIPMENT IS LOADED FOR HERE

ONE HUNDRED CARS OF STONE EN ROUTE TO GAINESVILLE.

This Shipment Comprises About All of This Class of Material to Be Used.

The largest shipment that ever entered Gainesville, or probably any other city of the State, is now billed here in the shape of 100 cars of limestone for the Government building, which will arrive sometime within the next few days.

For the past several months a large number of workmen have been engaged on this extensive order, and it was all cut and shaped at the quarry, but a large part of it will have to receive the finishing touches in this city.

Superintendent Myers states that all of the 100 cars will arrive here at nearly the same time, for it was all cut and loaded at one time.

The work at the building is progressing most satisfactorily and for the past number of days they have been placing the granite around the lower floor of the building. The limestone will be used for the windows, doors and other parts, and will take the place of a number of places where it was originally intended to use granite.

A large force of bricklayers are at work and more will be added within the next few days to keep up with the setting of the stone upon its arrival.

FINANCIAL STATEMENT OF THE BOARD OF PUBLIC INSTRUCTION OF ALACHUA COUNTY, FLORIDA, FOR THE MONTH ENDING OCT. 5, 1909.

To Hon. S. H. Wienges, Clerk Circuit Court, Alachua County, Florida:

Sir—In compliance with Section 2, Chapter 4332, Laws of Florida, we hereby file with you the following itemized statement of the moneys received and expended and warrants issued during the month ending October 5th, 1909.

Treasurer's Report.

Sept. 1—Balance last report	$2,454.26

STRANGE MALADY CLOSES COLLEGE

MANY STUDENTS OF ATHENS FEMALE COLLEGE ILL.

Epidemic Baffles Medical Men—No Deaths Have Occurred—Students Going Home.

ATHENS, Ala., Oct. 26.—The Athens Female College, a Methodist institution, was closed yesterday following the affliction of a large per cent of the student body with a malady which has baffled the physicians. Although no fatalities have occurred, many of the girls have left for their homes, and it is said that forty or more are too ill at present to travel.

It is said that specialists have pronounced the malady, which was at first thought to be fever, ptomaine poisoning.

It was said last night that about 100 students have left the school in the last few days and that the epidemic is still baffling the attending physicians. Its symptoms are described as a severe aching of the lower limbs followed by violent vomiting. In most cases it is said to have been of but few days' duration and attended by no serious results.

Little can be learned regarding the real situation at the college, as those in authority are said to be reticent to discuss the matter.

GREAT ICE TRUST IS NOW ON TRIAL.

NEW YORK, Oct. 26.—Every artifice of delay being exhausted, suit has at last been begun against the Ice Trust under a criminal statute of the State by James S. Osborne as a Special Assistant Attorney-General. The trust is charged with restraining and preventing competition in a commodity of common use.

The ice trust has made history, financial and political. Its formation first brought to wide notice Charles W. Morse, whose sentence to fifteen years in a Federal prison for violating the banking laws, has just been affirmed. Public indignation over it was largely responsible for the downfall of Mayor Van Wyck and for the defeat of Tammany by Seth Low eight years ago.

For Chapped Skin.

Chapped skin whether on the hands or face may be cured in one night by applying Chamberlain's Salve. It is also unequaled for sore nipples, burns and scalds. For sale by all druggists.

Wrongly Placed.

It is astonishing sometimes how unconsciously careless we are of the feelings of the person to whom we are talking. A young guardsman told me the other day that a friend of his went with him to consult his lawyer. The solicitor, a shrewd looking and kindly old gentleman, was listening to an irate explanation of how his clerk had failed to do something that had been expected of him. "Yes, you are quite right, it was his fault," said the solicitor.

"But why are these confounded lawyers' clerks so stupid?" asked the angry soldier.

"I do not know, my dear sir," replied the solicitor kindly, "but would you mind alluding to them as 'lawyers' confounded clerks?'"—London M. A. P.

A Strenuous Hint.

He had been a regular Sunday caller for six months, when one evening he dropped in arrayed in a new suit.

"That's a lovely wedding suit you have on," remarked the dear girl.

"Why!" gasped the astonished young man, "t-this is a b-business suit!"

"Well," rejoined the d. g. calmly, "I mean business."

And the very next day he put up $19.98 of his hard earned wealth for a solitaire.—Chicago News.

PILES CURED IN 6 TO 14 DAYS.

THERE'S NO RISK

If This Remedy Does Not Benefit, You Pay Nothing.

A physician who made a specialty of stomach troubles, particularly dyspepsia, after years of study perfected the formula from which Rexall Dyspepsia Tablets are made.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be the greatest remedy known for the relief of acute indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is almost immediate. Their use with persistency and regularity for a short time brings about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets will insure healthy appetite, aid digestion and promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid for them, without question or formality. They come in three sizes, prices 25 cents, 50 cents and $1.00. Remember you can obtain them only at our store—The Rexall Store.—J. W. McCollum & Co., corner East Main and Union streets.

WELL PLEASED WITH CITY.

Tampa Man Says Gainesville and Its People Are All Right.

Among the visitors to Gainesville Tuesday was W. A. Joughlin, member of the firm of Joughlin Bros., plumbers and sanitary engineers, Tampa, who made an agreeable call at this office.

Mr. Joughlin's firm has been awarded the contract to fit and plumb the Atlantic Coast Line depot in this city, which is now being altered and remodeled throughout, and in speaking of the matter he stated that when the work is completed according to the plans and specifications he feels sure that the building will meet the requirements of the patrons of the road at this point for some time to come. The plans call for a most thorough and modern system of plumbing, a number of lavatories, etc., will be installed, and in all the "new depot" will be a great improvement over what our people have had to contend with for many years.

Mr. Joughlin is an enthusiastic member of the Tampa lodge of Elks, and while here spent "all the time he had to spare" at the club of the local lodge. "I want to compliment your city on its general appearance, its fraternal orders and its citizenship," he remarked. "It is one of the prettiest and most up-to-date cities I have ever visited. The buildings are modern, the streets well laid out, and the large oaks which adorn them are as pretty as can be found anywhere."

The plumbers will begin their work on the depot in about two weeks.

A Banquet

Spread before you would do you no good if you couldn't eat. What good can food do a child when as soon as it enters it's stomach it is eaten by worms. That's the reason your baby is ailing, cross, pasty-faced and thin. Give it White's Cream Vermifuge. It will expel the worms and act as a tonic for the child. Sold by W. M. Johnson.

Greeting to Our Customers.

We control three fruit, cold drink and confectionery stores in the city—every dollar paid up and no borrowed capital, and wish it distinctly understood we are running against the "Trust Buster Banana Store." We will sell any article as cheap and many cheaper than he will. We are here to stay. Respectfully,

CAVOURAS & CARDULLES.

A Shaking Up

May all be very well so far as the trusts are concerned, but not when it comes to chills and fever and malaria. Quit the quinine and take a real cure—Ballard's Herbine. Contains no harmful drugs and is as certain as taxes. If it doesn't cure, you get your money back. Sold by W. M. Johnson.

Keep your eye on the want ads. There may be something advertised which is of interest to you.

FOOTBALL ON SATURDAY.

Rollins College Eleven Will Meet University Team Here.

Every lover of athletics, and especially those who are admirers of the gridiron, should not fail to visit the ball park on next Saturday afternoon at 3:30, and witness one of the most enthusiastic games of football of the season.

On that date the eleven representing Rollins College will meet, for the first time this year, the team representing the University of Florida.

Both teams are in the best condition and the game bids fair to be one of the kind that will send the blood tingling through the veins of even the most "unenthusiastic."

The University eleven have just returned from Jacksonville, where they defeated the strong Olympic team by a score of 9 to 0.

Under the able coaching of G. E. Pile the local boys have developed the strongest team that has ever represented the University of Florida.

With such additions as Edgerton at quarter, Waggoner at tackle, Cox at guard and Johnson at end, the weak places in the team of '08 have been entirely eliminated. Taylor, Vidal and Shands in the back field were never in better form, and Moody, a star from last season, is holding an end position in excellent style.

This will be the first of the four college games which will decide the State championship, and should be well attended.

Don't fail to go out and lend encouragement to the boys.

Don't forget the time and place. Admission 25 and 50 cents.

IN PITIABLE CONDITION.

Young Drummer Temporarily Demented by Excessive Drinking.

C. C. Cash, a young drummer who has been in the Newberry section for the past number of days, was brought to Gainesville Tuesday by Deputy Tompkins and turned over to Sheriff Ramsey on a charge of insanity.

This man is in a most sad state of mind at the present time, due, it is said, largely to the excessive use of bad whiskey, cocaine, morphine, and probably other drugs, and it was seen that he needed medical attention at once, and Sheriff Ramsey summoned Dr. Dell, who stated that he was in a most serious condition.

From what could be learned the man sells computing scales and has been in and about Newberry for a number of days on a protracted spree, but the past two days he had become wholly unruly and it was necessary for the officers to take him in charge. He has some little money at the present time and his general appearance shows that he is a man who can command money, and after he has been restored to his right mind and cleansed of the opiates he will very probably be all right, but it will require some careful nursing and administering to him closely to save him from the present crisis.

He has been arrested a number of times at Newberry for drunkenness, but it was soon seen by the authorities that this procedure was useless, and it was thought best to send him here and turn him over to the county authorities.

NOVA SCOTIA'S BIG INFLUX OF TOURISTS.

PORTLAND, Me., Oct. 26.—Reports from Nova Scotia indicate that every town, village and country place was filled this year with American tourists. The United States consul at Yarmouth believes it possible that the money expended by the summer travelers in Novia Scotia, including fares, will approximate $3,000,000.

During the four summer months, 16,411 people were carried from Boston to Yarmouth alone; to St. Johns, N. B., were 25,000 more, while American visitors to Halifax were greater in number than in any other previous year, making an estimated total of more than 60,000 Americans visiting the provinces this summer, of whom 80 per cent were pleasure seekers.

Slightly Colder With Snow.

When you see that kind of weather forecast you know that rheumatism weather is at hand. Get ready for it now by getting a bottle of Ballard's Snow Liniment. Finest thing made for rheumatism, chilblains, frost bite, sore and stiff joints and muscles, all aches and pains. 25c, 50c and $1.00 a bottle. Sold by W. M. Johnson.

NATURE TELLS YOU

As Many a Gainesville Reader Knows Two Well.

When the kidneys are sick,
Nature tells you all about it.
The urine is nature's calendar.
Infrequent or too frequent action;
Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

People in this vicinity testify to this.

Jos. Eckert, Thompson street, Starke, Fla., says: "I am very glad to recommend Doan's Kidney Pills as they proved of great benefit to me. The passages of the kidney secretions were irregular and when the secretions were allowed to stand they deposited a sediment. My back ached intensely and was very lame and sore, making it hard for me to stoop or lift. I could not rest well and mornings upon arising I was tired and worn out. I at length heard of Doan's Kidney Pills and deciding to give them a trial, I procured a box. This remedy effected a complete cure. The backaches and the lameness disappeared and my kidneys became normal."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

GREAT UNDERTAKING FOR CENSUS MEN.

BOSTON, Oct. 26.—It seems, according to population figures, that Director Charles F. Gettemy of the Bureau of Statistics will have the biggest job of any supervisor in the country in gathering in what information Uncle Sam wants concerning the inhabitants of Massachusetts; for, according to the last census figures, Massachusetts had 3,003,680 with the next largest district, New York, only 2,374,520. Cook county, Ill., is next with 1,837,735, and Philadelphia county, Pa., 1,293,697.

It is expected that 2,500 enumerators will be required for the work in Massachusetts this year, where 1,500 did it ten years ago. Applications are coming in with every mail to Supervisor Gettemy for positions to count noses in the Bay State.

A PLEASANT WAY TO CURE CATARRH.

Poor deluded victims!

Continually sprinkling and spraying and stomach dosing.

What are you doing it for?

Trying to kill the catarrh germs?

Might just as well try to kill a cat with fresh milk.

Sticking a piece of chewing gum in the upper left hand corner of the right ear would slaughter just as many germs.

You can't kill the germs that cause catarrh unless you get where they are.

You can get where the germs are by breathing Hyomei, the powerful yet soothing antiseptic, which is prepared especially to kill catarrh germs.

Just breathe it in, that's all. It gives joyful relief in five minutes. It is guaranteed by J. W. McCollum & Co. to cure catarrh, or money back.

It is sold by leading druggists everywhere. A complete outfit, including inhaler, costs $1.00. Extra bottle, 50c. Cures sore throat, coughs and colds.

"I take especial pride in recommending Hyomei to asthmatic sufferers, as I know by experience that it is a remedy that cures. I have not since using Hyomei had any recurrence of asthma."—Mrs. Wm. Burton, Owosso, Mich., June 22, 1909.

MI-O-NA Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach disease or money back. Large box of tablets 50 cents. Druggists in all towns.

Blind justice is still doing business at the old stand in Spain.

Nicaragua presents President Zelaya for membership in the Down-and-Out Club.

When Pittsburg and Detroit get mad they fight nine rounds of pretty bloody baseball.

Senator LaFollette evidently believes in industrious insurgency. He insurges daily.

Fortunately future explorers will have cartoons of the North Pole by which to recognize it.

Still, the Jerome fireworks would have added greatly to the gayeties of the New York unpleasantness.

It is rumored that the "To Let" sign will soon be displayed from the front door of the King's palace at Athens.

If China starts a lottery system it may be very hard to tell whether a ticket calls for a prize or last week's laundry.

Zinc ore has advanced in price $10 per ton under the new tariff. Something more for the consumer to remember.

Determined not to be left out of the struggle to raise the cost of living, even salt goes up a couple of dollars a ton.

Mr. Baer will have to look after the Geological Survey. It says there is coal enough in the earth to last more than seventy thousand years.

"Walsh sentence stands." "Morse sentence stands." There are pitfalls in high finance. These two millionaires must now wear stripes.

Halley's comet has been seen again, but probably it hesitates to make an official debut until Cook and Peary get through their double-shuffle.

Dr. Cook is a Democrat, so he is not apt to have the North Pole postmastership thrust upon him as an administration reward of merit.

As if the prospect of settlement were not already remote enough, it is hinted that Messrs. Peary and Cook may carry their dispute to the courts.

Secretary Ballinger has been so thoroughly whitewashed by President Taft that he looks like a spotless tombstone erected over the Conservation Congress.

A revolution in Santo Domingo, another in Paraguay, and the Irish beginning a new campaign for Home Rule in Parliament, shows that conditions throughout the world are normal.

J. C. S. Blackburn, Governor of the Panama Canal Zone, who has returned to this country on a leave of absence, declared that he did not favor the bill providing for the government of the canal zone by a commission of three. Regarding the canal, Governor Blackburn spoke with enthusiasm.

DEPOSIT GUARANTY LAW.

The failure of the Columbia Bank & Trust Company of Oklahoma City, the largest State bank in Oklahoma, says The Financial World, has turned the enthusiasm of bankers in that commonwealth for a deposit guaranty law into disgust. When it touches their profits, as it did in this case, by an extraordinary assessment to protect depositors of the embarrassed institutions it does not take long to convince that the scheme of State insurance against dishonest or reckless banking is a hair-brained one, and to assure the successful operation of it can only be accomplished by a heavy tax on honest and conservative bankers. A few more State bank failures in Oklahoma will change the present feeling to an outright clamor that the law, which should never have been enacted, be at once repealed.

In Nebraska the Federal court has sounded the death-knell for Bryan's pet scheme of guaranteeing bank deposits by law. The court has declared the State law unconstitutional and void, thus upholding the claim of The Financial World at the time it was advocated that it was illegal to compel solvent banks to pay the losses of failed banks, as it deprived the stockholders, who were not interested in the bankrupt institutions, of their money without their consent to pay the debts of other institutions the creation of which they had no share in whatever. The law directly violates the constitutional guaranty of rights.

The test of the case in Oklahoma already proving it a failure, and the Federal court's adverse decision of the Nebraska law, not only forecasts the end of the scheme in these States, but will likewise tend to discourage agitation in other States for such a law.

Through the courtesy of the editor's esteemed friend and partner during the eighties, Elmer J. White, who is now editor of The Whitehorse (Yukon) Star, we are in receipt of the industrial edition of The Dawson Daily News. It is without doubt one of the most beautiful specimens of the typographical art we have ever seen, the first page of the cover being especially appropriate and unexcelled in the "art preservative." The publication will be preserved in our library.

The Sun is a strong believer in probation sentences for violators of the law for the first offense. A jail sentence at hard labor, with a parole of the culprit pending good behavior, will do more to deter people from committing crime the second time than the heaviest fine that could be imposed.—Gainesville Sun.

Editor McCreary herein shows his knowledge of humanity and a humanity equal to his knowledge.—Pensacola Journal.

The Tampa Tribune defines The Sun's prediction that Broward will lead in the first Senatorial primary next year as "Poor Prognostication." Well, Brother Stovall, we adhere to the prediction, and predict further that he will be defeated in the second primary, as he was in 1908. And we will back our judgment by wagering the State Fair "certificate" for publishing the premium list against anything you may put up.

The United States Patent Office pays its running expenses and has a surplus over. As there is no patent on its methods, other Governmental offices and departments might use them to good advantage.

Catarrh Cannot Be Cured

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

Sold by druggists, 75c.
Take Hall's Family Pills for constipation.

The cost of building twenty miles of the Southern Pacific railroad of Mexico between Tepic and the point on the plateau where the line will emerge from the mountains at a grade of 1 per cent is estimated by engineers at more than $4,000,000 or above $200,000 per mile. The road will be a succession of tunnels and bridges. The track on the Pacific Slope to Tepic is now within eighteen miles of the Santiago river, which will be crossed by a steel bridge.

By ordering out the State troops to guard the Burley tobacco region of Kentucky against night riders, Governor Willson acts in full accord with the sentiment of all law-abiding citizens. The time when individuals may take the law into their own hands has long passed—there is no longer a necessity for a Ku Klux Klan.

According to M. Jean Dupuy, French Minister of Commerce, France will attempt no tariff retaliation against the United States. He will not follow the tariff commission's proposals regarding an increase in duty on oleaginous grains, cotton, thread, silks, and metallurgy.

Figures compiled by W. H. Parsons, a Fairbanks banker, place the gold output of the Tanana Valley, Alaska, at $11,000,000, or about $3,000,000 more than last year. The receipts of the Nome district are estimated at nearly $1,000,000 less than last year.

Extensive purchases made by the members of the Japanese business delegation of a large variety of articles for which at present no market exists in Japan, leads American trade experts to anticipate a heavy increase in trade between the two countries.

According to a Treasury decision on Saturday, wood pulp, mechanically ground and imported into this country anywhere from Canada excepting the provinces of Quebec and Ontario, will be admitted duty free until further advices are received.

How does the magazine writer who says America is growing too aesthetic for melodrama account for the fact that Theodore Roosevelt's articles upon "Animals I met and sent to the Smithsonian Institution" is a corking magazine feature?

President Ryan, of the American Packers' Association, says there is no prospect of cheap meat. Thus dies the last feeble hope of the poor man that he may taste a porterhouse steak without putting a lien on his next year's wages.

Imperfect Digestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. M. Johnson.

"Old Stand With New Name"

AGONY OF ECZEMA BEYOND WORDS

Whole Body a Mass of Raw, Torturing Humor—Hair All Fell Out and Ears Seemed Ready to Drop Off—Clothing Would Stick to Bleeding Flesh—Hoped Death Would End Fearful Suffering.

CASE SEEMED HOPELESS BUT CUTICURA CURED HER

"Words cannot describe the terrible eczema I suffered with. It broke out on my head and kept spreading until it covered my whole body. I was almost a solid mass of sores from head to foot. I looked more like a piece of raw beef than a human being. The pain and agony I endured seemed more than I could bear. Blood and pus oozed from the great sore on my scalp, from under my finger nails, and nearly all over my body. My ears were so crusted and swollen I was afraid they would break off. Every hair in my head fell out. I could not sit down, for my clothes would stick to the raw and bleeding flesh, making me cry out from the pain. My family doctor did all he could, but I got worse and worse. My condition was awful. I did not think I could live, and wanted death to come and end my frightful sufferings.

"In this condition my mother-in-law begged me to try the Cuticura Remedies. I said I would, but had no hope of recovery. But oh, what blessed relief I experienced after applying Cuticura Ointment. It cooled the bleeding and itching flesh and brought me the first real sleep I had had in weeks. It was as grateful as ice to a burning tongue. I would bathe with warm water and Cuticura Soap, then apply the Ointment freely. I also took Cuticura Resolvent for the blood. In a short time the sores stopped running, the flesh began to heal, and I knew I was to get well again. Then the hair on my head began to grow, and in a short time I was completely cured. I cannot praise Cuticura enough. I wish I could tell everybody who has eczema to use Cuticura. My condition was so terrible that what cured me cannot fail to cure anybody of this awful disease. If any one doubts the truth of this letter, tell them to write to me. Mrs. Wm. Hunt, 135 Thomas St., Newark, N. J., Sept. 28, 1908."

Cuticura Soap, Ointment and Resolvent (liquid or pills) are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, Latest Cuticura Skin Book.

NEWS FROM ARCHER.

Evangelist Bridges Conducts Successful Revival in Religious Circles.

ARCHER, Oct. 26.—We have had one of the grandest revivals we have ever had in Archer. Rev. Mr. Bridges, a Methodist evangelist, did most of the preaching. Rev. Mr. Yates, the Methodist pastor, Rev. Mr. Newman, Presbyterian pastor, and Rev. Mr. Hilton, Baptist, were all with us. Rev. Mr. Bridges is certainly doing a great deal of good. His sermons were so plain and so impressive, all that heard him spoke so highly of the good they experienced from sitting under his voice. He is a grand singer; his solos were so impressive. A great many joined the Methodist church and a good many joined the Presbyterian church, and we were all sorroy to have the evangelist leave.

Mrs. Cubberly and daughter are visiting Mrs. Hancock.

Mrs. Bauknight and Miss Leila entertained their Sabbath school classes last Saturday afternoon. After enjoying games they were invited into the dining-room, where refreshments—ice cream and cake—were served.

We have two new families in town—Mr. Beasley, foreman at Venable's mill, and Mr. Shields, who works at the foundry. We are always glad to have additions to our town.

Mrs. Smith and daughter, Miss Elsie, returned Saturday night from a visit to her daughter, Mrs. Winecoff, in Atlanta.

APPLE CROP 12,000,000 BARRELS ABOVE LAST YEAR.

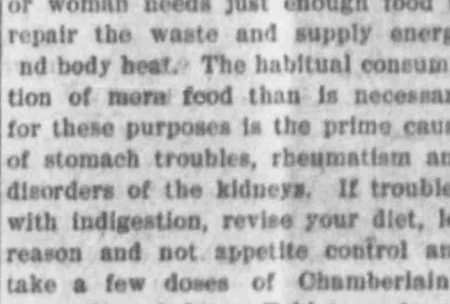
SPOKANE, Oct. 26.—So much is said of corn and wheat and cotton and some other products from time to time that the average newspaper reader is on easy terms with statistics relating to them. Unless he has taken special pains to acquaint himself with the facts, however, he is likely to be surprised when told that the apple crop of the United States and Canada this year will be approximately 35,000,000 barrels. This will be greater by about 12,000,000 barrels than the crop of last year. Nevertheless, apple production in the United States and Canada has fallen off in the last fifteen years. In 1895 the crop ran up to 60,000,000 barrels; in 1908 it ran down to 23,000,000 barrels; it is now up to 25,000,000, but this is 25,000,000 barrels short of what it was in 1895, and far short of what it ought to be if fruit culture receives the attention that is promised it in the next few years.

More Than Enough Is Too Much.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale by all druggists.

Have your stationery neatly printed at The Sun office. We carry a well selected stock of the best papers, which are printed at reasonable rates.

You may find what you are looking for through a want ad. in The Sun.



IT WILL JAR SOME

To find out after you've parted with your money that the property it paid for has a faulty title—and that you have some expensive, lengthy litigation ahead of you.

Avoid making investments in real estate without an abstract—it's taking long chances without any need of it.

Demand always an abstract drawn up by us and you'll be thoroughly posted by accurate information.

ALACHUA COUNTY ABSTRACT CO.

Gainesville, Florida.

Do You Realize?

That despondency in women is a mental condition often traceable to some distinctly female ill!

Women who are well do not have the blues, neither are they irritable and restless. Derangement of the female organism breeds all kinds of miserable feelings such as backache, headache, and bearing-down feelings. **Try Lydia E. Pinkham's Vegetable Compound.** There is no doubt that it has made many remarkable cures of female ills after all other means had failed. There is hardly a day that some woman does not write us that this simple old medicine, made only of roots and herbs, has cured her of a severe illness after several doctors had done their best and failed.

Here are two such letters—read them—they are genuine and reliable.

Baltimore, Md.—"For four years my life was a misery to me. I had suffered with female troubles so long that I was discouraged. I had given up all hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. It restored my health and I felt as though new life had been given me, and I am recommending it to all my friends."—Mrs. W. S. Ford, 1938 Lansdowne St., Baltimore, Md.

Rockland, Me.—"I was troubled for a long time with pains in my back and side and was miserable in every way. I had doctored until I was discouraged and thought I would never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound and thought I would try it.

"After taking three bottles I never was so well in my life. I am recommending Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. Will Young, 6 Columbia Avenue, Rockland, Me.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

NOTICE.

Bids will be received at the next regular meeting of the Board of County Commissioners, the same being the second day of November, 1909, for the building of a steel bridge between Alachua and Columbia counties across Santa Fe river. Plans of said bridge are on file in the Clerk's office at Gainesville and Lake City. The board reserves the right to reject any and all bids. J. G. DAMPIER, Chn.

HOW FERTILIZERS INJURE FRUIT TREES

By B. F. Floyd, Florida Agri. Experiment Station
Press Bulletin No. 128

It sometimes happens that ill effects follow the use of fertilizers in citrus groves. This may result from two causes—the solution of the fertilizer in the soil may be too strong for the tender rootlets, or it may act as a true poison.

Absorbing Portion of the Rootlets

All materials obtained from the soil by the orange trees are taken in through the rootlets, dissolved in water. Insoluble fertilizers, like cottonseed meal, are first changed by partial decay into soluble salts, such as nitrate of lime. In most cases only a small portion of the rootlet can take water and dissolved material from the soil. This part begins just back of the tip, and is usually only a fraction of an inch long. Usually this absorbing part is covered with minute root-hairs, which increase the surface, and allow more material to be taken from the soil. The remainder of the rootlet is often covered with brown cork, and is more or less waterproof. This part serves only as a conductor for the raw material (water and salts) taken in, and for the food which passes back for the use of the growing parts near the root tips.

Structure of the Rootlets

Under the microscope the rootlet is seen to be a mass of cells, each of which usually consists of a cell-wall, enclosing the living substance (protoplasm) and the cell sap. Let us suppose a mass of shoe-boxes placed end to end, in close contact, in such a way that the whole would appear in outline as a rootlet many times enlarged. Suppose each of these boxes to be lined half an inch thick throughout with a substance similar to the white of an egg, and completely filled with water; also the walls of the boxes to be wet through.

If this mass of boxes was then reduced in size until it was as small as an ordinary rootlet, the boxes could only be seen by the aid of the microscope, and each box would correspond to a cell. The wall of the box would be the cell-wall; the white of egg, the protoplasm; the water, the cell-sap; and the water-soaked condition of the walls of the boxes would be similar to that of the cell-walls of the root.

The cell-wall is dead matter and serves mainly for support and protection. The cell-sap is a watery solution of sugar, salts, and other materials. The living protoplasm, which surrounds the cell-sap, exercises a selective power, by allowing only certain salts to enter and only certain ones to escape.

Absorption of Water

The ability of the rootlets to take up water and distribute it through the plant depends mainly upon the strength or concentration of the cell-sap. The rootlets absorb water when the concentration of the cell-sap is greater than that of the soil solution. When the soil solution is the more concentrated, water is drawn from the cell-sap, and the tree wilts. A soil solution stronger than one-half per cent. is usually considered to be too strong for the health of plants. A heavy application of certain readily soluble fertilizers or other salts (such as nitrate of soda, or common salt), may bring on this condition. When the action is severe, the roots are sometimes said to have been burnt.

Water is also absorbed and carried in the cell-walls. But the amount thus obtained is not nearly sufficient to maintain the tree.

Absorption of Fertilizers

Fertilizers and other salts in solution in the soil water enter the rootlets by diffusion. Large quantities of water may be taken into the tree and only a small quantity of the fertilizers or other salts that were in the solution be carried along. If the quantity per volume of any particular salt in the cells of the root is equal to or greater than that in the soil solution, the rootlets are probably unable to take up any of it from the soil. Thus, an orange grove may suffer from the lack of a particular fertilizer, though there may be a small quantity of it present in the soil.

Effects of Poisonous Salts

Some salts may act as poisons, and, in certain quantities, kill the protoplasm with which they come in contact. On the other hand, very small quantities of these salts may act as a stimulus when absorbed. An example of this is copper sulphate or bluestone, which is used so generally in the treatment of dieback. This salt is placed on the soil or beneath the bark. When placed beneath the bark, its poisonous effect is evident from the large wounds that are produced. The course of the salt, as it diffuses up and down the stem, can be traced by the extension of these wounds. An excessive quantity placed upon the soil will kill the tree. This excessive quantity is very small in comparison to the amount of a fertilizer that would be required to injure the tree.

The Way of the World.

"When we were poor," remarked the prosperous man reflectively, "we look all forward to the time when we could have a summer home."

"Well?"

"Well, when we got rich enough to have one we didn't like going to the same place every summer because it was monotonous, and we looked forward to the time when we could have another for variety."

"Well?"

"Well, we got another, and then we began to long for a winter place, so that we wouldn't have to be so much in the big house in the city."

"Well?"

"Well, we've got them all now."

"And are you happy?"

"I suppose so—at least, I suppose my wife is. She keeps them all shut up and spends most of her time in Europe, but she knows she has them."—Chicago Post.

The Sun office for calling cards.

Birds on the Wing.

Twice every year a wave of living birds, almost inconceivably grand in the number of birds involved, surges over North America. The autumn wave rolls from the arctic tundras of Canada and Alaska to the torrid valley of the Amazon and the great pampas of the La Plata, only to roll back again to the icebound northern ocean with the northward progression of the sun. And almost as ceaseless as the ever rising, ever falling swell of the ocean tides is this miraculous tide of beating wings and pulsating little hearts. The last stragglers of the northward migration do not reach their northern home before the early part of June, but in July the southward setting tide has begun again. The number of birds that make up this mighty wave almost passes comprehension. Probably more than 95 per cent of all birds making their summer home between the northern boundary of Mexico and the Arctic ocean—that is, in the United States and Canada—help to swell the great bird tide that moves southward in autumn and northward in the spring with the regularity of a pendulum. Allowing a little less than one migratory bird to an acre, we get the enormous number of 4,322,000,000 birds whose wing beats follow with rhythmic precision the southward and northward movement of the sun. This number is too vast to be easily comprehended.—D. Lange in Atlantic.

ADVERTISE IN THE SUN There's a Reason.

GAINESVILLE,

—THE—

University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance

Spring Park Stock Farm, the largest and finest live stock farm in the State is only eight miles west of the city and is reached by a good hard road affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.
One garage.
Four hotels.
Four banks
Four dairies.
One foundry.
Water works.
Ten churches.
One gas plant.
Two tin shops.
Three bakeries.
Ten physicians.
Six fruit stores.
Two gunsmiths.
Six restaurants.
One seed store.
Board of Trade.
Six drug stores.
Four shoe shops.
State University.
Masonic Temple.
Twenty lawyers.
Two paint shops.
Four contractors.
One bicycle shop.
Baseball diamond.
Two ice factories.
Six music schools.
One variety store.
One public library.
Two wagon works.
Two planing mills.
Two racket stores.
Two lumber yards.
One marble works.
Three silversmiths.
Three wood yards.
Five dental rooms
One express office.
Free mail delivery.
Four beef markets.
Eight barber shops.
Two public schools.
Two music houses.
A telephone system.
Two haberdasheries.
Two abstract offices.
Four pressing clubs.
Two machine shops.
Two bottling works.
Six boarding houses.
One Catholic church.
A military company.
Three jewelry stores.
One phosphate office.
One Chinese laundry.
One Christian church.
Two steam laundries.
Two Advent churches.
One daily newspaper.
Two hardware stores.
One female physician.
Fifteen grocery stores.
Five Baptist churches.
Four furniture stores.
One cold storage plant.
One weekly newspaper.
Seven dry goods stores.
One photograph gallery.
Three cold drink stands.
One electric light plant.
Three blacksmith shops.
Three railways systems.
Eight benevolent orders.
Two Episcopal churches.
United States land office.
One chemical laboratory.
Thirteen Sunday schools.
Two veterinary surgeons.
One Presbyterian church.
Two cigar manufactories.
Four real estate agencies.
Volunteer fire department.
Several lumber companies.
Three Methodist churches.
A brass band organization.
Two photograph galleries.
Two moving picture shows
Florida Winter Chautauqua.
First-class sewerage system.
One semi-weekly newspaper.
Five life insurance agencies.
Two fertilizer manufactories.
Five fire insurance agencies.
Two livery and feed stables.
One crate and basket factory.
One Elks' Club reading room.
Hardwood Manufacturing Plant.
Agricultural Experiment Station.
The Diocesan School of Florida.
Florida Winter Bible Conference.
Five dressmaking establishments.
National Odd Fellows' Sanitarium.
Three undertaking establishments.
Two of the best hotels in the interior.
Two wholesale grain and feed stores.
Two wholesale grocery establishments.
Water "that has made Gainesville famous."
The finest opera house in the State outside of Jacksonville.
A Government building now being erected to cost when completed $150,000.
Carpenters, masons, plasterers, painters, printers, machinists and laboring men galore.
More miles of paved streets and granolithic sidewalks than any other town in the interior of the State.
An $85,000 court house built of brick and stone—a beautiful structure—and the lawns, flower beds, shrubbery, Confederate monument, etc., surrounding it, make it a most attractive picture.

ABOUT ADVERTISING—NO. 6

If It Fits You Wear This Cap

By Herbert Kaufman

Advertising isn't a crucible with which lazy, bigoted and incapable merchants can turn incompetency into success—but one into which brains and tenacity and courage *can* be poured and changed into dollars. It is only a short cut across the fields—*not* a moving platform. You can't "get there" without "going some."

It's a game in which the *worker*—not the *shirker*—gets rich.

By its measurement every man stands for what he *is* and for what he *does*, *not* for what he *was* and what he *did*.

Every day in the advertising world is *another* day and has to be taken care of with the same energy as it's *yesterday*.

The quitter *can't survive* where the *plugger* has a ghost of a chance.

Advertising doesn't take the place of business talent or business management. It simply tells what the business *is* and *how* it is managed. The snob whose father *created* and who is content to live on what was *handed* to him can't stand up against the man who knows he *must build for himself*.

What makes *you* think that *you* are entitled to prosper as well as a competitor who *works twice as hard* for his prosperity?

Why should as many people come to *your* store as patronize a shop that makes an endeavor to *get* their trade and shows them that it is *worth while* to come to its doors?

Why should a newspaper send as many customers to *you* in *half* the time it took to fill an establishment which advertised *twice* as long and *paid twice as much* for its publicity?

This is the day when the *best* man wins—after he *proves* that he *is* the best man—when the *best* store wins, when it has shown that it *is* the best store—when the best *goods* win, after they've been *demonstrated to be* the best goods.

If you want the *plum* you can't get it by lying under the *tree* with your mouth open waiting for it to drop—too many other men are willing to climb out on the limb and risk their necks in their eagerness to get it away from you.

It is a *man's* game—this advertising—just hanging on and tugging and straining all the time to *get* and *keep* ahead. It is the finite expression of the law of competition which sits in blind-folded justice over the markets of the world.

(Copyright, 1909, by Tribune Company, Chicago.)

"That Which Is Worth Having Is Worth Advertising For"

The old adage that what is worth having is worth asking for is still true—true of the more intricate life of today.

The thing you want—whether it is a used piano or a home, whether it is a ready-made business or a lost pocketbook—is obtained readily through advertising, and with difficulty, or not at all, through other means.

HOW FERTILIZERS INJURE FRUIT TREES

By B. F. Floyd, Florida Agri. Experiment Station
Press Bulletin No. 128

It sometimes happens that ill effects follow the use of fertilizers in citrus groves. This may result from two causes—the solution of the fertilizer in the soil may be too strong for the tender rootlets, or if may act as a true poison.

Absorbing Portion of the Rootlets

All materials obtained from the soil by the orange trees are taken in through the rootlets, dissolved in water. Insoluble fertilizers, like cotton-seed meal, are first changed by partial decay into soluble salts, such as nitrate of lime. In most cases only a small portion of the rootlet can take water and dissolved material from the soil. This part begins just back of the tip, and is usually only a fraction of an inch long. Usually this absorbing part is covered with minute root-hairs, which increase the surface, and allow more material to be taken from the soil. The remainder of the rootlet is often covered with brown cork, and is more or less waterproof. This part serves only as a conductor for the raw material (water and salts) taken in, and for the food which passes back for the use of the growing parts near the root tips.

Structure of the Rootlets

Under the microscope the rootlet is seen to be a mass of cells, each of which usually consists of a cell-wall, enclosing the living substance (protoplasm) and the cell sap. Let us suppose a mass of shoe-boxes placed end to end, in close contact, in such a way that the whole would appear in outline as a rootlet many times enlarged. Suppose each of these boxes to be lined half an inch thick throughout with a substance similar to the white of an egg, and completely filled with water; also the walls of the boxes to be wet through.

If this mass of boxes was then reduced in size until it was as small as an ordinary rootlet, the boxes could only be seen by the aid of the microscope, and each box would correspond to a cell. The wall of the box would be the cell-wall; the white of egg, the protoplasm; the water, the cell-sap; and the water-soaked condition of the walls of the boxes would be similar to that of the cell-walls of the root.

The cell-wall is dead matter and serves mainly for support and protection. The cell-sap is a watery solution of sugar, salts, and other materials. The living protoplasm, which surrounds the cell-sap, exercises a selective power, by allowing only certain salts to enter and only certain ones to escape.

Absorption of Water

The ability of the rootlets to take up water and distribute it through the plant depends mainly upon the strength or concentration of the cell-sap. The rootlets absorb water when the concentration of the cell-sap is greater than that of the soil solution. When the soil solution is the more concentrated, water is drawn from the cell-sap, and the tree wilts. A soil solution stronger than one-half per cent. is usually considered to be too strong for the health of plants. A heavy application of certain readily soluble fertilizers or other salts (such as nitrate of soda, or common salt), may bring on this condition. When the action is severe, the roots are sometimes said to have been burnt.

Water is also absorbed and carried in the cell-walls. But the amount thus obtained is not nearly sufficient to maintain the tree.

Absorption of Fertilizers

Fertilizers and other salts in solution in the soil water enter the rootlets by diffusion. Large quantities of water may be taken into the tree and only a small quantity of the fertilizers or other salts that were in the solution be carried along. If the quantity per volume of any particular salt in the cells of the root is equal to or greater than that in the soil solution, the rootlets are probably unable to take up any of it from the soil. Thus, an orange grove may suffer from the lack of a particular fertilizer, though there may be a small quantity of it present in the soil.

Effects of Poisonous Salts

Some salts may act as poisons, and, in certain quantities, kill the protoplasm with which they come in contact. On the other hand, very small quantities of these salts may act as a stimulus when absorbed. An example of this is copper sulphate or bluestone, which is used so generally in the treatment of dieback. This salt is placed on the soil or beneath the bark. When placed beneath the bark, its poisonous effect is evident from the large wounds that are produced. The course of the salt, as it diffuses up and down the stem, can be traced by the extension of these wounds. An excessive quantity placed upon the soil will kill the tree. This excessive quantity is very small in comparison to the amount of a fertilizer that would be required to injure the tree.

"Well, we've got them all now."

"And are you happy?"

"I suppose so—at least, I suppose my wife is. She keeps them all shut up and spends most of her time in Europe, but she knows she has them."—Chicago Post.

The Sun office for calling cards.

Birds on the Wing.

Twice every year a wave of living birds, almost inconceivably grand in the number of birds involved, surges over North America. The autumn wave rolls from the arctic tundras of Canada and Alaska to the torrid valley of the Amazon and the great pampas of the La Plata, only to roll back again to the icebound northern ocean with the northward progression of the sun. And almost as ceaseless as the ever rising, ever falling swell of the ocean tides is this miraculous tide of beating wings and pulsating little hearts. The last stragglers of the northward migration do not reach their northern home before the early part of June, but in July the southward setting tide has begun again. The number of birds that make up this mighty wave almost passes comprehension. Probably more than 95 per cent of all birds making their summer home between the northern boundary of Mexico and the Arctic ocean—that is, in the United States and Canada—help to swell the great bird tide that moves southward in autumn and northward in the spring with the regularity of a pendulum. Allowing a little less than one migratory bird to an acre, we get the enormous number of 4,320,000,000 birds whose wing beats follow with rhythmic precision the southward and northward movement of the sun. This number is too vast to be easily comprehended.—D. Lange in Atlantic.

ADVERTISE IN THE SUN There's a Reason.

GAINESVILLE,

—THE—

University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance

Spring Park Stock Farm, the largest and finest live stock farm in the State is only eight miles west of the city and is reached by a good hard road affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.
One garage.
Four hotels.
Four banks
Four dairies.
One foundry.
Water works.
Ten churches.
One gas plant.
Two tin shops.
Three bakeries.
Ten physicians.
Six fruit stores.
Two gunsmiths.
Six restaurants.
One seed store.
Board of Trade.
Six drug stores.
Four shoe shops.
State University.
Masonic Temple.
Twenty lawyers.
Two paint shops.
Four contractors.
One bicycle shop.
Baseball diamond.
Two ice factories.
Six music schools.
One variety store.
One public library.
Two wagon works.
Two planing mills.
Two racket stores.
Two lumber yards.
One marble works.
Three silversmiths.
Three wood yards.
Five dental rooms
One express office.
Free mail delivery.
Four beef markets.
Eight barber shops.
Two public schools.
Two music houses.
A telephone system.
Two haberdasheries.
Two abstract offices.
Four pressing clubs.
Two machine shops.
Two bottling works.
Six boarding houses.
One Catholic church.
A military company.
Three jewelry stores.
One phosphate office.
One Chinese laundry.
One Christian church.
Two steam laundries.
Two Advent churches.
One daily newspaper.
Two hardware stores.
One female physician.
Fifteen grocery stores.
Five Baptist churches.
Four furniture stores.
One cold storage plant.
One weekly newspaper.
Seven dry goods stores.
One photograph gallery.
Three cold drink stands.
One electric light plant.
Three blacksmith shops.
Three railways systems.
Eight benevolent orders.
Two Episcopal churches.
United States land office.
One chemical laboratory.
Thirteen Sunday schools.
Two veterinary surgeons.
One Presbyterian church.
Two cigar manufactories.
Four real estate agencies.
Volunteer fire department.
Several lumber companies.
Three Methodist churches.
A brass band organization.
Two photograph galleries.
Two moving picture shows
Florida Winter Chautauqua.
First-class sewerage system.
One semi-weekly newspaper.
Five life insurance agencies.
Two fertilizer manufactories.
Five fire insurance agencies.
Two livery and feed stables.
One crate and basket factory.
One Elks' Club reading room.
Hardwood Manufacturing Plant.
Agricultural Experiment Station.
The Diocesan School of Florida.
Florida Winter Bible Conference.
Five dressmaking establishments.
National Odd Fellows' Sanitarium.
Three undertaking establishments.
Two of the best hotels in the interior.
Two wholesale grain and feed stores.
Two wholesale grocery establishments.
Water "that has made Gainesville famous."
The finest opera house in the State outside of Jacksonville
A Government building now being erected to cost when completed $150,000.
Carpenters, masons, plasterers, painters, printers, machinists and laboring men galore.
More miles of paved streets and granolithic sidewalks than any other town in the interior of the State.
An $85,000 court house built of brick and stone—a beautiful structure—and the lawns, flower beds, shrubbery, Confederate monument, etc., surrounding it, make it a most attractive picture.

ABOUT ADVERTISING—NO. 6

If It Fits You Wear This Cap

By Herbert Kaufman

Advertising isn't a crucible with which lazy, bigoted and incapable merchants can turn incompetency into success—but one into which brains and tenacity and courage *can* be poured and changed into dollars. It is only a short cut across the fields—*not* a moving platform. You can't "get there" without "going some."

It's a game in which the *worker*—not the *shirker*—gets rich.

By its measurement every man stands for what he *is* and for what he *does*, *not* for what he *was* and what he *did*.

Every day in the advertising world is *another* day and has to be taken care of with the same energy as it's *yesterday*.

The quitter *can't survive* where the *plugger* has a ghost of a chance.

Advertising doesn't take the place of business talent or business management. It simply tells what the business *is* and *how* it is managed. The snob whose father *created* and who is content to live on what was *handed* to him can't stand up against the man who knows he *must build for himself*.

What makes *you* think that *you* are entitled to prosper as well as a competitor who *works twice as hard* for his prosperity?

Why should as many people come to *your* store as patronize a shop that makes an endeavor to *get* their trade and shows them that it is *worth while* to come to its doors?

Why should a newspaper send as many customers to *you* in *half* the time it took to fill an establishment which advertised *twice* as long and *paid twice as much* for its publicity?

This is the day when the *best* man wins—after he *proves* that he *is* the best man—when the *best* store wins, when it has shown that it *is* the best store—when the best *goods* win, after they've been *demonstrated to be* the best goods.

If you want the *plum* you can't get it by lying under the *tree* with your mouth open waiting for it to drop—too many other men are willing to climb out on the limb and risk their necks in their eagerness to get it away from you.

It is a *man's* game—this advertising—just hanging on and tugging and straining all the time to *get* and *keep* ahead. It is the finite expression of the law of competition which sits in blind-folded justice over the markets of the world.

(Copyright, 1909, by Tribune Company, Chicago.)

"That Which Is Worth Having Is Worth Advertising For"

The old adage that what is worth having is worth asking for is still true—true of the more intricate life of today.

The thing you want—whether it is a used piano or a home, whether it is a ready-made business or a lost pocketbook—is obtained readily through advertising, and with difficulty, or not at all, through other means.

Now is your chance to get many useful things at little cost; they are found on our 5, 10 and 15 cent tables. Magnet Cash Store.

Miss Maude Bruton has gone to Williston to attend the wedding of Miss Carrie F. Tenny to Mr. Elvin Bruton of Micanopy.

Prof. J. E. Woltz left yesterday for High Springs, where he goes for the regular weekly practice of the band which he is instructing.

R. P. Lumpkin of Orange Heights was a visitor to the city yesterday. He was accompanied by his son, P. P., who came to spend the day.

Dr. J. L. Cloud, one of the prominent citizens of Alachua and a foremost business man of the city, was transacting business in Gainesville yesterday.

Beatty, the sleight-of-hand artist, at the Baird. Motion pictures that will interest and instruct, together with illustrated songs. Admission 10 and 20 cents.

Special low prices on our entire line of Men's, Ladies', Boys', Misses' and Children's shoes. You can save money by taking advantage of this offer. The Magnet Cash Store.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create, makes one feel joyful. Sold by all druggists.

When drummers travel 50 or 100 miles out of their way to get to a hotel to spend Sunday, you can bank on it being far above the average. The Brown House is crowded with commercial men from Friday to Monday.

It Requires Nerve to stand the strain of nervous neuralgia, pains in the face, head or any part of the body. These pains are quickly stopped by the use of Perry Davis' Painkiller. The relief is immediate and lasting. Do not suffer a moment longer but use the Painkiller as directed. Avoid substitutes, there is but one Painkiller, Perry Davis,' Price 25c, 35c and 50c.

Dates, prunes, figs, apricots and peaches—new crop, very choice. Saunders & Earle.

L. Baldwin of Newnansville passed through the city yesterday en route home from Ocala, where he went on a short business trip.

Hurry, if you want to "get in" on that fine New York State white cream cheese. It's 25 cents a pound, but it's fine. Saunders & Earle.

F. P. Henderson returned yesterday from a visit of a week to Lakeland, where he has been looking after some of the orange groves of that section.

Come to our special sale; for this week only we are offering rare bargains to make room for our big assortment of Christmas goods. The Magnet Cash Store.

T. A. Thompson has returned from his old home in Saginaw, Mich., where he spent the summer with his mother. Mr. Thompson has extensive phosphate interests at Clarke.

Tonight will be the last opportunity you will have of seeing the wonderful sleight-of-hand artist, Beatty. This, together with the motion pictures and illustrated songs, all for 10 and 20 cents.

Jr Burkhim, father of the East Side clothier, arrived in the city last night from his home in Birmingham. He expects to remain here for the next several days visiting his son and meeting friends.

N. Baldwin, one of the planters of the Alachua section, was a visitor to the city yesterday. He says that about all of the cotton is out of the hands of the grower and only a very little remains in the field.

Chamberlain's Cough Remedy has become famous for its cures of coughs, colds, croup and influenza. Try it when in need. It contains no harmful substance and always gives prompt relief. Sold by all druggists.

W. C. Dampier of Hague was a visitor here yesterday. Great preparations are being made in his section by the farmers for the cane-grindings and within a short while all of them will be engaged at this vocation.

New sweet potatoes from John Chesnut's farm, 15c per peck. New Florida sugar cane syrup, 50c per gallon. Fresh country eggs, 35c per dozen. Turnip greens and snap beans fresh every morning. John Chesnut.

Your cough anncys you. Keep on hacking and tearing the delicate membranes of your throat if you want to be annoyed. But if you want relief, want to be cured, take Chamberlain's Cough Remedy. Sold by all druggists.

W. G. English of Tacoma was a visitor here yesterday. He says that very little lettuce has been planted in his section, and that a number of farmers have lost what few plants they did have owing to the dry hot weather.

S. H. Register, the accommodating agent for the Express Company at High Springs, was a visitor to the city yesterday. He was formerly billing clerk in the Gainesville office and his numerous friends here were glad to again meet him.

Hoarseness in a child subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given at once after the croupy cough has appeared, it will prevent the attack. Contains no poison. Sold by all druggists.

For a clear head, a stout heart and strong mind, DeWitt's Little Early Risers, gentle, safe easy, pleasant, little pills. DeWitt's Carbolized Witch Hazel Salve is unequalled for anything where a salve is needed, and is especially good for Piles. Sold by all druggists.

"Hello, Central! Please give me an up-to-date cleaning and pressing establishment." Click-click—"Three-forty? Can you send for my suit, clean, press and return today?" "Sure, promptness is the specialty of the Kome Klean Klub—the boy is on the way."

H. F. Brooker of Trenton was a visitor to the city yesterday. He states that everything is lively in his section owing to the increased price of cotton, which made good times and that about all of the crop has passed from the hands of the growers.

A. T. and Hartwell Kelley of Prairie Creek were in the city yesterday. They had just made a trip to Palatka from their mill and state that the distance was covered in two and a half hours, which was a good record, considering the sandy roads in Putnam county.

G. F. Finger of Tyler was a visitor to the city yesterday. He is now making preparations for engaging in the sawmill business at the above place and expects soon to be in running order. For a number of years he was a resident of this county and will be gladly welcomed back here again by his numerous old friends.

A. T. Thomas, the genial superintendent of the Camp Company for the mines located in western Alachua and at Hernando, was in the city for a short while yesterday. Although a resident of Ocala, he cannot help but admire the University City and stated yesterday that he was more favorably impressed with what he had seen of the residental section than ever before.

It is in time of sudden mishap or accident that Chamberlain's Liniment can be relied upon to take the place of the family doctor, who cannot always be found at the moment. Then it is that Chamberlain's Liniment is never found wanting. In case of sprains, cuts, wounds and bruises Chamberlain's Liniment takes out the soreness and drives away the pain. Sold by all druggists.

FOR SALE OR RENT—A cottage of five rooms. Apply 507 N. Garden St.

The Sun office for calling cards.

CHILDREN'S EYES GUARDED....

If there is anything wrong with your child's sight, it should have prompt attention.

HEADACHES, TIRED AND PAINFUL EYES AND BLURRED VISION WHILE STUDYING ARE SYMPTOMS OF EYE-STRAIN.

By correcting the defective sight of youth the wearing of glasses in maturer years will be avoided.
